Why I'm Walking

About Autism Speaks

At Autism Speaks, our goal is to change the future for all who struggle with autism spectrum disorders. We are dedicated to funding global biomedical research into the causes, prevention, treatments, and cure for autism; to raising public awareness about autism and its effects on individuals; families, and society; and to bringing hope to all who deal with the hardships of this disorder. We are committed to raising the funds necessary to support these goals. Autism Speaks aims to bring the autism community together as one strong voice to urge the government and private sector to listen to our concerns and take action to address this urgent global health crisis. It is our firm belief that, working together, we will find the missing pieces of the puzzle.

"Autism Speaks helped me recognize the signs of autism in the middle of the night."

"It was Autism Speaks that helped get the insurance bill passed."

"It was Autism Speaks that sent me the 100 Day Kit so I would know what programs to enroll my child in."
